

WATER AND SEWER SERVICES AGREEMENT

This AGREEMENT is made _____ (Date) by and between or among _____, collectively known as "Customers" and Handy Sanitary District, herein after referred to as "Handy", to provide water and sewer services at _____ located in Montgomery/Davidson County, NC. This AGREEMENT is made, in addition to other documents that may be required to create account information.

Water services are available at the location, although the account may be VACANT or may have been provided to a previous account/customer. Sewer services are available at the location but have not been connected to the house.

Customers agree that if Handy will immediately (within 48 hours) provide water services that Customers will agree to hire an electrician and a plumber to connect the house to the sewer and become an active sewer customer within 60 days of this Agreement. If the location does not become an active sewer customer within 60 days Customers agree that Handy has the right to disconnect water services until the sewer is connected to the house. If Customers are disconnected from water services they agree to pay a \$65 service fee to re-connect and to pay a minimum water charge of \$21 for each month the water is disconnected.

If Customers fail to sign this Agreement, Handy may chose to deny water services and/or immediately seek an Injunction to connect to sewer as a part of its Mandatory Connection Authority.
